

Honeycomb Leaf

The Honeycomb leaf from Dominion is the choice for Heavy Duty Commercial use and economical special duty, but where insulation is not a factor. Heavy-duty lock and hinge reinforcements surrounded by a minimum 20 ga. textured, galvaneal skin provides the needed elements for years of reliable service. Hemmed edges and mechanical interlocking seams give additional rigidity and durability. Fire ratable up to 3 hours, available in smooth skin or embossed; this is the product of choice where options and heavy duty is important.

Honeycomb leafs are non handed.
